Amateur Clubs Should Stick to Amateur Principles.

Hall May Now Try to Make a Match with Kitzalmmons.

To determine the point where amateurism work that has puzzled the best promoters of athletics in this country. It is claimed by many that athletic organizations purporting breakers. to be reared on an amateur basis should carry out amateur principles in spirit as well as in practice.

They claim that it is not enough for the prominent athletic clubs in a union of athetic associations to walk on the edge of the per of the law, but by example and precept they should stick to a standard that the poorer clubs could emulate. The Amateur violation of amateur laws to act upon. There break the amateur laws when they see to break them, the officials of the big clubs are generally ready to pounce down on the ders and make them suffer the full nenally for their breach of the law. The Mar nattan Athletic Club is not setting the small ciubs a very good example just now.

ercular in which it is stated that the Athetic Committee of the M. A. C. has hung up a purse of \$2,000 for a four-round prize-fight between James J. Corbett, who is shortly to meet John L. Sullivan at New Orleans, and Dominick McCaffrey, the Club's instructor of

tion that he can stop McCaffrey in four its popular instructor called down because he that Capt. Van Schalck has come forward as that Capt. Van Schalek has come forward as he has and written Corbett tellier him just what McCaffrey will do, and stipulates that the fight occur at the Manhattan Athlette Clob. Such a meeting would be exceedingly interesting. The idea is rather a poor one from an amateur basis, however, as the Amateur Athlette Union has just had a big rumpus with loxers that have violated the constant. emateur law in one way or another. The holding of prize-lights by athletic clubs claiming to be annateur athletic leaders is not conductive to pure annateur sports.

New Yorks and Cleveland had a pretty The New Yorks and Clevelands had a pretty struggle for supremney on saturday. They had two games to play, and strife ran high. The Giants managed to rall one game out of the fire by a score of 6 to 4, but the other one went the other way by a score of 5 to 2. The Giants finished the day in second place, with the Brookiyn wand Philadelphias thed for third position only five rollind behind. The Brookiyns are peggin; a way in a determined manner and are making an excellent showing.

The games scheduled for to-day are as follows:

New York at Chicago, Brooklyn at Pittaburg. Boston at St. Louis. Wash'g'd at Chicanati.

The sports are now abglous to see the negotiations between Bob Fitzsimmons and Jim hall reopened. Hall and Fitzsimmons spent quite some time in this city not long ago, with the ostensible object of making a match, but very little came out of it. Now Fitzsimmons will find it rather hard to crawl out of a match with Hall. Hall's work with Ted Pritchard last week in England has demonstrated him to be a cleverer man than was generally supposed, although those who have seen him perform were united on the fact of his cleveriess.

ils cleveri ess.
Hall and Warren Lewis will arrive it Hall and Warren Lewis will arrive in this city during the first week of September, and the latter will come home primed with the idea that Hall can get away with Fizzimmons, and "Hed Bob" is likely to have an interesting time in the Crescent City. He will be right in the centre of the representative sportsmen, and to crawl out of a match at that time would be an extra hazardous proceeding if he values his reputation.

Postime Athletic Club has a large field The resultine Athletic Club has a large field of athletes in training for the coming championships. The Pastimes have been making a great hit on the track thus far this season and expect to carry off several prizes later on. Fresident Burrell says that the Fastimes are becoming very, much interested in the coming crass-country season. The "Indians" expect to put a good team in the field.

Already over 35,000 invitations have been issued for the big wheel meet to be held at Manhattan Field on Saturday next. The Committee in charge of the meet have been everwhelmed with applications for tickets. supply is about exhausted now, and it has been decided to have a few tickets at the gate to be disposed of at a nominal figure.

The Brighton Athletic Club, of Brocklyn, is getting into condition for the Fell games. The Brightons have several good sprinters on Elbeir lists who are expected to do some good work, especially in the novice classes.
